

KAISER PERMANENTE CATON HILL HEALTHCARE

PROJECT NARRATIVE

This 5 story, 258,000 ft² Kaiser Permanente medical office building features outpatient surgery, diagnostic services, imaging services, 4 operating/procedure rooms, interventional radiology, outdoor healing gardens and a 1,000-car parking structure.

CONX SOLUTIONS

The Integrated Project Delivery and pre-established Kaiser Permanente Enterprise Facility Design Standards were used to foster enhanced collaboration and efficiency of delivery throughout the design process.
